**Prof. Saverio Stranges, MD, Ph.D.,
FAHA**

Schulich School of Medicine & Dentistry, Western University, Canada

Biography:

Professor Saverio Stranges is Chair of the Department of Epidemiology and Biostatistics at the Schulich School of Medicine & Dentistry, Western University (Canada), where he also directs the Africa Institute. A medical doctor and chronic disease epidemiologist, he holds appointments in Family Medicine and Medicine. He earned his MD and specialization in Public Health at the University of Naples Federico II, and a PhD in Epidemiology from SUNY Buffalo. His previous roles include positions at SUNY Buffalo, University of Warwick, and the Luxembourg Institute of Health.

His research focuses on chronic disease prevention, aging, and the impact of lifestyle, behavioral, and social determinants of health, with over 330 publications (H-index = 88). His work has been funded by major agencies including NIHR, CIHR, FNR, and the EU.

He is President of the Chronic Disease Section of EUPHA, Fellow of the American Heart Association (FAHA), part-time Professor at University of Naples Federico II, and Visiting Professor at Humanitas University and the University of Luxembourg. He also serves as Associate Editor for several leading public health journals, including the International Journal of Public Health; European Journal of Public Health; BMC Public Health; Nutrition, Metabolism and Cardiovascular Disease (NMCD); Sleep Health.
